EDUCATION

Greater Noida Institute of Technology

Master of Computer Application

Greater Noida, UP

Sept. 2022 – July 2024

Rohilkhand University

Bachelor of Arts

Bareilly, UP

June, 2019 – Aug, 2022

Saint Mira Academy

Higher Secondary School

Moradabad, UP

April, 2018 – May, 2019

EXPERIENCE

Associate Analyst

GlobalLogic

June 2024 – Present

Noida, India

- Analyzed data from various prompts to determine the most suitable responses.
- Collaborated with team members to improve the efficiency of data analysis processes.
- Provided insights and recommendations based on prompt data to enhance overall response quality.

Java Developer

TechnoHacks Pvt. Ltd.

July, 2023 – Aug., 2023

Remote

- Developed multiple applications using core Java and Java Swing with smooth user interface.
- Built a project Number Guessing Game, a Calculator, and a Snake Game.

PROJECTS SUMMARY

ByteBlog Website | *JSP, Servlet, MySQL, JDBC, HTML, CSS, Bootstrap, Github*

Jan. 2024 – Feb. 2024

- Developed a full-fledged JSP Servlet based Blog website for the users.
- Website having features such as reading blogs, adding blogs, and submitting. Used MySQL to store the blogs.
- Used MySQL database to store the blog.

Graphical CRUD Application | *Python, Flask, MySQL, HTML, CSS, Bootstrap*

Sep 2024 – Sep 2024

- Developed a full-stack CRUD application, integrating data visualization through dynamic charts and graphs.
- The application manages employee data, including salary, gender distribution, work hours, and bonuses, utilizing MySQL for backend database management.
- Added interactive charts to provide insights on key metrics such as department-wise salary and gender distribution.

Cost-Optimization using lambda | *AWS lambda, EC2, EBS, EBS Snapshot*

May 2024 – May 2024

- The lambda function fetches all EBS snapshots owned by the same account 'self' and also retrieves the active EC2 instances
- For each snapshot, it checks if associated volumes is not associated with any active instance.
- If it finds a stale snapshot, it deletes it, effectively optimizing storage costs.

TECHNICAL SKILLS

- **Programming Languages:** Java, SQL, Python
- **Web Development:** HTML, CSS, Bootstrap, Servlet, JSP, Flask, Django
- **Tools and Technologies:** AWS, Linux, Boto3, Git/GitHub, MySQL, JDBC, Java Swing, DBMS

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** (05/2024 - 05/2027)
- **AWS Billing and Cost Management Certificate from Amazon Web Services** (05/2024)
- **Java Development Training from Sofcon India Pvt. Ltd.** (08/2023 - 10/2023)
- **SQL Intermediate Certification from Hackerrank**
